

About ViewNexa

ViewNexa is Bitcentral's vision for a simplified and centralized way to manage, monetize, and distribute video content to a large number of digital destinations.

ViewNexa by Bitcentral

Bitcentral is a leading provider of video production, playout, and distribution solutions to the Broadcast media industry. Bitcentral has been focused on building tools and solutions that demonstrably increase productivity, maximize efficiencies, and lower costs for over 20 years. Bitcentral is recognized across the industry for excellent 24/7/365 support with the highest customer satisfaction ratings. ViewNexa taps into the standards of excellence already set by Bitcentral and brings them into the streaming video industry.

All the Tools You Need in One Place

ViewNexa makes it easy to manage, distribute, and monetize video across the streaming video landscape. Wide distribution allows media companies to efficiently reach the maximum audience possible, and with robust monetization tools we ensure revenue is maximized too.
